*As of 10 March 2026, among whole life insurance plans in Singapore. | ¹ Multiplier Benefit is applicable only if you choose to have this benefit when you purchase the plan. You may choose Multiplier Benefit factors of 2x, 3x, 4x or 5x and Multiplier Benefit Age of 65, 70, 75 or 80. This will apply to **PRU**Active Life V and its attached Early Crisis Care and Crisis Care supplementary benefit. | ² The accidental death must happen within 90 days of the accident, otherwise, we will pay the sum assured for death plus all the bonuses that we have added to the policy less any amounts owing to us. | ³ Only applies if the life assured is below age 55 when the immediate family bought the policy. It adds an extra 10% of the death and terminal illness sum assured of the life assured's policy, up to S\$100,000. If the existing life assured has already made claims from the policy, the Kinship Booster Benefit no longer applies. | ⁴ Subject to a maximum of 1 claim per policy. | ⁵ Allows you to receive yearly payouts from the surrender value of the policy over a period of 10 years. As such, this option is like partial surrender. Please note that once you begin receiving the yearly payouts, the sum assured and the long-term value of your policy will be reduced. | ⁶ This benefit is only available when your policy has acquired a surrender value that is equal to at least two years' of premiums paid. This interest-free loan amount needs to be paid back at the end of the premium deferment period. If the loan amount is not paid back at the end of the premium deferment period, interest will be charged. The Premium Defer Benefit can only be used once per policy. | ⁷ The bonuses are NOT guaranteed and will vary according to the future experience of the participating fund.

Important notes

You are recommended to read the product summary and seek advice from a qualified Prudential Financial Representative for a financial analysis before purchasing a policy suitable to meet your needs.

As buying a life insurance policy is a long-term commitment, early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. Premiums for the supplementary benefits are not guaranteed and may be adjusted based on future claims experience.

This brochure is for reference only and is not a contract of insurance. Please refer to the exact terms and conditions, specific details and exclusions applicable to these insurance products in the policy documents that can be obtained from your Prudential Financial Representative.
