Footnotes:

1. No addition or deletion of policyowner is allowed.
2. If policyholder requests to change Life Assured, it will be considered as deletion of Life Assured followed by addition of Life Assured, hence, the 2 times facility is fully utilized.
3. We reserve the right to vary, from time to time, the minimum withdrawal amount in respect of any new application to make a partial withdrawal.
4. The policyholder is not entitled to the Second-year Bonus if the withdrawals made from the Account exceed the single premium or top-up amounts (if any). If the policyholder has made a top-up, it will be treated as a separate tranche from the single premium. Each subsequent top-up will be treated as a separate tranche from the previous top-up. The Second-year Bonus will be calculated separately for each tranche and paid at the start of their respective second year.
5. An 'Accidental Death' is a death resulting from an Accident. An "Accident" is an unforeseen and involuntary event, which directly causes death or injury by violent, external and visible means, and is independent of any other cause (such as illness or disease of the life assured).
6. Please note that the Administration Charge is not guaranteed and we reserve the right to increase the administration charge up to a maximum of 2.0% p.a. However, we will give 30 days' written notice before doing so.
7. We currently do not charge for fund switches. However, we reserve the right to levy a switching fee but will give you 30 days' written notice before doing so. To make the fund switch, you must meet the criteria set out by us.
8. The term 'fund management charge' may be called differently by different Investment Managers. For example, it may be called 'continuing investment charge', 'management fee' or 'investment management charge'. The relevant Investment Manager of each PruSelect Fund reserves the right to increase the charges. However, we will give you written notice of such change(s) in accordance with applicable laws and regulations.

Important Notes:

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs.

Investment products are subject to investment risks including the possible loss of the principal amount invested. The value of the units and the income accruing to the units (if any) may fall or rise. Premiums for some of the supplementary benefits are not guaranteed and may be adjusted based on future claims experience.

You are recommended to read the policy documents and to seek advice from a qualified Prudential Financial Consultant for a financial analysis before purchasing a policy suitable to meet your needs.

This booklet is for reference only and is not a contract of insurance. Please refer to the exact terms and conditions, specific details and exclusions applicable to these insurance products in the policy documents that can be obtained from your Prudential Financial Consultant.
