¹ PRUVantage Wealth II is available in both SGD and USD currency. If it is a USD plan, the minimum annualised premium and/or the minimum aggregate supplementary benefits annualised premium will be in USD.

² The Minimum Annualised Premium is defined as the total premium due in a year for the basic policy, excluding any premiums paid for supplementary benefits or top-ups made via Investment Booster (Lump Sum), if any.

³ Promotion Bonus Units are in the form of additional units added to the Growth and/or Flex Account as per the account allocation determined at policy inception and are calculated as a percentage of the premium received for the basic policy in the first policy year, excluding any premiums paid for supplementary benefits or top-ups via the Investment Booster (Lump Sum), if any.

⁴ The Minimum Aggregate Supplementary Benefits Annualised Premium is defined as the sum of all the Eligible Supplementary Benefits' premiums due in the first policy year per Eligible Basic Plan, including the additional premiums payable due to substandard loadings, if any.
