

Direct Purchase Insurance (DPI) Frequently-Asked Questions (FAQ)

1. What are Direct Purchase Insurance (DPI) products?

DPI products are life insurance policies that you can purchase directly from insurance companies without seeking any financial advice.

When you decide to purchase a DPI product, you have chosen not to seek any financial advice. Therefore, it is important that you read the relevant disclosure documents (including the Fact Sheet, Policy Illustration and Product Summary), understand the features of the product and its terms and conditions. You should assess whether the product meets your needs and is suitable for you.

Post-purchase servicing of the DPI policy will be by Prudential Customer Service and the DPI policy is not transferable to a Prudential Financial Consultant.

If you decide not to purchase a DPI product, you may seek advice from a qualified Prudential Financial Consultant for our comprehensive suite of products catered to different individual needs.

The 2 products available are:

- **DIRECT – PruProtect Term** (term plan with the option to add DIRECT - Crisis Cover supplementary benefit)
- **DIRECT – PruProtect Life II** (whole life insurance plan with the option to add DIRECT - Crisis Cover II supplementary benefit)
