ASPIRE: Prudential Corporate Graduate Programme

Take charge of your development.

At Prudential, we select a cohort of high achievers for accelerated development each year.

Be a part of this tailored management associate programme designed for fresh graduates, and take the first step in a defined career pathway to further your expertise and shape your influence in the industry.

Management Associates (MAs) will be exposed to critical businesses across Prudential Singapore through business, project & functional rotations, as well as receive coaching & mentorship from Prudential leaders.

Duration

24 months

Entry Requirements

- Degree-holder with less than 3 years working experience
- Outstanding CCA record, demonstrating leadership qualities
- Excellent interpersonal and communication skills

Generalist Track

Broad business exposure for individuals who have a strong interest general management in the life insurance industry. You will experience 4 rotations across various business functions and earn accreditation by the Singapore College of Insurance (SIC).

Specialist Track

For individuals who wants to build up subject matter expertise in core functions of the organisation. You will experience 4 rotationsL 2-3 within a function, 1 outside of function. The specialist track is open for roles within various business verticals, including Distribution, Compliance, Actuarial and Operations. Do watch out for specific availability on application.
