Important Note:

You are recommended to read the product summary and seek advice from a qualified Prudential Financial Consultant for a financial analysis before purchasing a policy suitable to meet your needs.

As buying a life insurance policy is a long-term commitment, an early termination of the **PRU**active saver policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

As **PRU**triple protect has no savings or investment feature, there is no cash value if the policy ends or if the policy is terminated prematurely.

Premiums for **PRU**triple protect are not guaranteed and may be adjusted based on future claims experience.
