### **Important Note:**

You are recommended to read the product summary and seek advice from a qualified Prudential Financial Consultant for a financial analysis before purchasing a policy suitable to meet your needs.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

As some of the products have no savings or investment feature, there is no cash value if the policy ends or if the policy is terminated prematurely.

For **PRU** personal accident, the benefits will only be payable upon the occurrence of an accident.

Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. Premiums for some of the products are not guaranteed and may be adjusted based on future claims experience.

Foreign currency policies (e.g. USD) are subject to foreign exchange risk.

This brochure is for reference only and is not a contract of insurance. Please refer to the exact terms and conditions, specific details and exclusions applicable to these insurance products in the policy documents that can be obtained from your qualified Prudential Financial Consultant.
