PRUTriple Protect

Your health may change.
Your lifestyle shouldn't.

When cancer strikes, the cost often goes beyond dollars and cents. While your medical insurance plan may cover your hospitalisation expenses, an illness like cancer can seriously affect your ability to earn a steady income. This may lead you to compromise on your standard of living.

Whether it's your children's education, utility bills or debts such as a housing or car loan, worrying about these financial commitments should be the last thing on your mind.

That's where **PRUTriple Protect** can help by ensuring you have sufficient funds to cover your lost income and reduce your debt. **PRUTriple Protect** provides protection against major illnesses so you and your family can continue living life without compromising on your way of life.

Choosing riders that are right for you

You may tailor your **PRUTriple Protect** plan more closely to your needs and preferences using riders—whether to ease the burden of medical costs, or cover your insurance premiums during your illness and recovery.

Early Protector

You can extend your **PRUTriple Protect** cover to include major illnesses diagnosed during pre-critical stages with this rider. When you are diagnosed early with a major illness, you don't have to wait for your illness to advance to a critical stage before making a claim. Instead, you can receive an accelerated payout from your **PRUTriple Protect** sum assured.

Your Early Protector cover will be reset to 100% of your sum assured, as long as no additional claims are made within 12 months of your last diagnosis. This means that like your main PRUTriple protect plan, Early Protector will continue to protect you after your first claim, up to 300% of your sum assured. Payouts will range from \$10,000 to \$350,000, but not more than your **PRUTriple Protect** sum assured.

Crisis Waiver III

Enjoy continuous protection and peace of mind while you focus on your recovery. Crisis Waiver III waives all future premium payments upon a successful claim against illnesses covered by **PRUTriple Protect**.

Early Stage Crisis Waiver

Focus on recovery without worrying about premium payments. Early Stage Crisis Waiver waives your premiums for five years upon a successful claim against pre-critical medical conditions covered by Early Protector.
