KEY FEATURES OF THE ILP SUB-FUND

WHAT ARE YOU INVESTING IN?

- You are investing in an ILP Sub-Fund constituted in Singapore that aims to generate capital growth at a controlled risk level consistent with the investment horizon of the portfolio to accumulate assets and provide wealth for investors at maturity. Beyond the investment horizon, which would centre around 2025, the objective is to maintain capital stability in the portfolio.

Refer to *Section 6 – Investment Objective* of the FIB for further information on features of the ILP Sub-Fund.

Investment Strategy	
<ul style="list-style-type: none"> The ILP Sub-Fund is a highly diversified portfolio investing primarily in investment funds, including Exchange Traded Funds (“ETF”) (the “Underlying Funds”) across different types of asset classes and strategies throughout the world. The ILP Sub-Fund may also invest directly in quoted equities, bonds and other fixed income securities in the global markets. The asset allocation would be adjusted throughout the investment horizon of the portfolio according to the attractiveness of each asset class and prevailing market conditions. As the portfolio approaches maturity, the asset allocation will become more conservative to reduce the potential portfolio downside risk in order to preserve the assets that have been accumulated. The strategic asset allocation of the ILP Sub-Fund is established using an optimisation process to create an optimal portfolio which the Manager expects to offer potentially the best combination of risk and return against the current market outlook. 	<p>Refer to <i>Section 7 – Investment Focus and Section 8 – Investment Approach</i> of the FIB for further information on Investment Strategy.</p>

VALUATIONS AND EXITING FROM THIS INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE? <ul style="list-style-type: none"> The ILP Sub-Fund is valued every Business Day to work out the unit price. Prices of the ILP Sub-Fund may currently be obtained from www.prudential.com.sg, Straits Times and The Business Times or such other publications or media as may from time to time be available. 	Refer to <i>Sec 12 – Withdrawal of Units</i> , <i>Sec 14 – Obtaining Prices of Units</i> and, <i>Sec 15 – Suspension of Dealing of the FIB</i> for further information on valuation and exiting from the ILP Sub- Fund.
HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO? <ul style="list-style-type: none"> You can exit the ILP Sub-Fund by submitting a signed written instruction to us or the distributor from whom you purchased your ILP. If you do so within the review period of 14 days from the date you receive your Policy Document/Policy Booklet, premiums less medical fees (if any) incurred in assessing the risk under the policy will be refunded. As you purchased an investment-linked type of policy, we will, in determining the amount that is payable to you, additionally be entitled to adjust the amount to reflect the change in market value of the underlying assets. We use a premium refund formula as determined by us, to work out the amount to be refunded to you. The premium refund formula takes into account the asset price at inception and liquidation to reflect the market value movement of underlying assets. Partial withdrawals are subject to minimum holding requirements. If you make a partial withdrawal, the remaining units in your ILP policy must be worth at least S\$1,000 based on the bid price at the time of withdrawal. If not, you will not be able to make a partial withdrawal. Your withdrawal value is determined as follows: <ul style="list-style-type: none"> If we receive your withdrawal application by 3.00 pm, the withdrawal value will be based on the bid price calculated on the next Business Day. If we receive your withdrawal application after 3.00 pm, the withdrawal value will be based on the bid price calculated on the second Business Day following the day we receive the withdrawal application. You will receive the withdrawal value no later than 6 Business Days from the date we receive and accept your withdrawal application The withdrawal value that you will receive will be the bid price multiplied by the number of units sold. An example is as follows: <div style="text-align: center; margin-top: 10px;"> $\begin{array}{ccccccc} 1,000 & \times & S\\$0.95 & = & S\\$950 \\ \text{Number of Units} & & \text{Bid Price} & & \text{Withdrawal} \\ \text{Withdrawn} & & & & \text{Value} \end{array}$ </div> 	Refer to section on “Review Period” or “Free Look Period” of the PS for further information on exiting from the policy.
