

Some call it a burden.
You call it **family**.

PRUActive Family Care

One plan that stands behind your ageing parents' care,
your child's future, and your own financial security.

Your **family's** needs span generations, so should your protection

Your family counts on you, from your children growing up to your parents growing old. When a diagnosis can strike at any stage, there's more at stake across every generation.

When your parents need you

1 in 11
people aged 60 and above live with dementia¹

33 hours
spent each week caring for elderly family members²

When growing up comes with its own challenges

90 to 100
children under 15 are diagnosed with cancer in Singapore every year³

1 in 3
adolescents aged 10–18 experience symptoms of anxiety, depression and loneliness⁴

Critical illness can strike at any time, and the costs add up

Critical Illness insurance
A serious diagnosis can take a financial toll.

3.9x annual income
needed for critical illness protection⁵

Life insurance
Keep your family's finances protected, no matter what.

9x annual income
needed for life insurance protection⁵

PRUActive Family Care

One plan that stands behind your ageing parents' care, your child's future, and your own financial security.

PRUActive Family Care brings together everyone you care about into one plan

First in Market*

CHILD²

From early years to old age

- ✓ **Whole-of-life protection**
- ✓ **Covers 182 conditions**, including Critical Illness and other health conditions
 - ◆ **One of the widest coverage in the market¹**
- ✓ **Additional payouts** for Special and Juvenile Conditions
- ✓ **Additional payouts** for Mental Illness Conditions
- ✓ **Buy Another Policy Benefit** — the option to buy another policy at key life events like marriage, without medical checks

Multiplier Benefit³

Up to 5x Multiplier Benefit until the selected age for additional coverage during crucial years

PARENT

No medical underwriting required for parents to be covered

- ✓ **Protection for your parents until Age 100⁴**
- ✓ **Financial and income support** upon diagnosis, during treatment and when a parent passes away
- ✓ **Additional payouts** during hospitalisation due to Accidental Fracture

Payout from Parent Guard Benefit will not impact the sum assured of **PRUActive Family Care** and other supplementary benefits

Unused Parent Guard Benefit sum assured will be transferred to the life assured's whole-of-life coverage

Additional benefits under PRUActive Family Care

Kinship Booster Benefit⁵ — When an immediate family member buys **PRUActive Family Care**, your policy's coverage gets a boost of 10% of the Death and Terminal Illness sum assured.

Family Waiver Benefit⁶ — Up to 12 months of premiums are waived if your spouse or child passes away.

Income Payout Option⁷ — At age 60, you may convert part of your plan's cash value into yearly payouts for 10 years.

*As of 6 October 2026, among whole life insurance plans in Singapore where Parent Guard Benefit is an embedded benefit. | ¹As of 6 October 2026, among whole life insurance plans in Singapore. | ²Medical underwriting required for Life Assured. | ³Multiplier Benefit (MB) is applicable only if you choose to have this benefit when you purchase the plan. You may choose MB factors of 2x, 3x, 4x or 5x and MB Age of 65, 70, 75 or 80. This will apply to **PRUActive Family Care** and its attached Early Crisis Care and Crisis Care supplementary benefit. MB for accidental death continues beyond the MB age with a 10% stepdown each year for 5 years starting from the MB age and then locking in at 50% of its multiplied coverage for life. | ⁴Parent Guard Benefit will end once (i) the Policyholder reaches age 80, or (ii) the parent(s) of Policyholder reaches age 100, whichever is earlier. | ⁵Only applies if the life assured is below age 55 when the immediate family bought the policy. It adds an extra 10% of the death and terminal illness sum assured of the life assured's policy, up to S\$100,000. If the existing life assured has already made claims from the policy, the Kinship Booster Benefit no longer applies. | ⁶Subject to a maximum of 1 claim per policy. | ⁷Allows you to receive yearly payouts from the surrender value of the policy over a period of 10 years. As such, this option is like partial surrender. Please note that once you begin receiving the yearly payouts, the sum assured and the long-term value of your policy will be reduced.

Coverage for your parents **built in**, not bolted on

Coverage for parents usually requires an optional rider or a separate policy. That means a separate application, underwriting with potential exclusions for ageing parents, and extra costs to maintain a separate policy or rider add-on. Parent Guard Benefit skips all three.

How does the coverage work?

Up to two parents¹ are named at application, **no medical underwriting**.

Maximum entry at 80 Age Next Birthday, covered up to Age 100².

PRUActive Family Care sum assured

Get an additional Parent Guard Benefit sum assured, based on 50% of your PRUActive Family Care sum assured, capped at S\$50,000³

This payout does not reduce the sum assured of your PRUActive Family Care plan or other supplementary benefits.

What it covers⁴

Diagnosis Support⁵

Receive 20% of sum assured on a diagnosis of Alzheimer's Disease, Severe Dementia, Idiopathic Parkinson's Disease or Progressive Supranuclear Palsy.

Parents can be diagnosed in Singapore, Malaysia, China, Australia and nine more countries and regions⁶.

Income Support⁷

Upon first treatment of a covered condition, receive up to 5 years of monthly income support: 2% of sum assured in year 1, then 1% for the next 4 years.

Accidental Fracture

Hospital Income⁸ Additional Payout

Get S\$150 daily for up to 10 days when your parent is hospitalised in Singapore or overseas, including at home under the Mobile Inpatient Care @ Home service.

Family Support⁹

Receive 8% of sum assured upon parent's death.

Nothing left on the table

If the Parent Guard Benefit is not fully utilised, the remaining amount will be transferred to the life assured and paid out upon a claim that ends the policy. This payout goes directly to you, the policyholder, easing your financial burden.

¹"Parent" means a person who is recognised under the laws of Singapore, as at the start of this policy and as at the point of claim, either: (a) the biological parent of the Policyholder; or (b) the legally adoptive parent of the Policyholder. Refer to product summary for details. ²Parent Guard Benefit will end once (i) the Policyholder reaches age 80, or (ii) the parent(s) of Policyholder reaches age 100, whichever is earlier. ³The total amount of benefits payable for each parent across all PRUActive Family Care policies and any other current or future policies including supplementary plans that provide similar benefits for parents, must not, in total, exceed the limit of S\$100,000 per parent. Once a parent has reached the limit because of any payment, no further benefits will be payable to that parent. ⁴These benefits are subject to Parent Guard Benefit sum assured not being fully utilised or the limit of S\$100,000 per parent not reached. ⁵This benefit may be claimed once only, and for one parent only, subject to Parent Guard sum assured and the limit per parent. ⁶Diagnosis must be provided by a registered medical practitioner in one of the following: Singapore, Australia, Brunei Darussalam, Canada, China (limited to class 3 hospitals in designated cities), Hong Kong, Macau, Malaysia, New Zealand, Taiwan, United Arab Emirates (Abu Dhabi and Dubai), United Kingdom, United States. For the full list of designated cities in China, please visit [website] or speak to your Prudential Financial Representative. ⁷This benefit may be claimed once for each parent, subject to Parent Guard sum assured and the limit per parent. ⁸This benefit may be claimed multiple times for each parent, subject to Parent Guard sum assured and the limit per parent. ⁹This benefit may be claimed once for each parent, subject to Parent Guard sum assured and the limit per parent.

Important notes

You are recommended to read the product summary and seek advice from a qualified Prudential Financial Representative for a financial analysis before purchasing a policy suitable to meet your needs.

As buying a life insurance policy is a long-term commitment, early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. Premiums for the supplementary benefits are not guaranteed and may be adjusted based on future claims experience.

This brochure is for reference only and is not a contract of insurance. Please refer to the exact terms and conditions, specific details and exclusions applicable to these insurance products in the policy documents that can be obtained from your Prudential Financial Representative.
